

EB 30/1 Adv Li-Ion

The EB 30/1 Professional lithium-ion is the first battery-operated electric broom for professional users on the market. In addition to a 2nd exchangeable battery, the professional version also includes a quick charger instead of a mains charger. The newly developed machine has an interchangeable sweeper roller and a removable dirt container, making it a broom and dustpan in one. It allows the quick, quiet (56 dB[A]) and reliable cleaning of dirty areas on hard floors and carpets during business hours.

1 Fast charger

- Short charging time, long run time: the BC 1/1.8 quick charger fully charges batteries in only 65 minutes.

2 Easy battery replacement

- The powerful lithium-ion battery is easy to remove and change in a few simple steps.

3 Brush replacement without tools

- The roller brush can be removed without tools for easier cleaning.

EB 30/1 Adv Li-Ion

- Lithium-ion technology
- High-performance batteries
- Fast charger

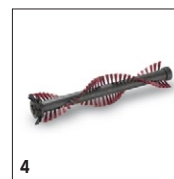

Technical data

Current type	V / Hz	220 - 240 / 50 - 60
Working width	mm	300
