DT-800M

Desktop Analog Telephone

- ✓ Solid construction for marine environment
- ✓ Desk or wall mounting
- ✓ Good audio quality
- ✓ Easy to use with large buttons and special function keys
- ✓ Suitable for cabins and offices

Description

The DT-800M analog desktop telephone is made for the ACM and ICS system. The telephone is well suited for use onboard ships and has a solid construction for marine environment including a strong magnet holder for the handset.

The telephone is easy to use with a full keyboard (including R/flash key) with large buttons. In addition, the telephone has a LED for indicating if the handset is on/off and a set of special function keys for:

- ✓ Redial (Redials last number)
- ✓ Mute (Mutes the microphone)

The ringer volume (high/low) and handset volume (high / low) can be adjusted.
